(3) _____.

(4) _____.

Time: _____

(Examiner/SPE Signature)

(Applicant/Applicant's Representative Signature – if appropriate)

Continuation of Substance of Interview including description of the general nature of what was discussed: the attached examiner's amendment was discussed. the claim was amended to avoid redundancy caused by the term "adhesive material", and the term "polymer" was deleted to avoid limitations reading on a two layers membrane, e.g. membranewith the two layers made from the same dope, which will result on a composite having the support and a layer of the final dope composition, without sealing layer or adhesive layer.

The amendment to the specification and Terminal disclaimer were requested by the Examiner to provide bases for amended claim 1, and to avoid Obvious Type Double patenting over application 10/620,715.
